485	Control valve for heating, ventilation and air-conditioning - 3-way with flanges
487	Control valve for heating, ventilation and air-conditioning - 3-way with threaded joint
485	Control valve for heating, ventilation and air-conditioning - 3-way with flanges with electric actuator ARI-PACO 0,85kN
485	Control valve for heating, ventilation and air-conditioning - 3-way with flanges with electric actuator ARI-PACO 1,6kN
487	Control valve for heating, ventilation and air-conditioning - 3-way with threaded joint and electric actuator ARI-PACO 0,85kN
487	Control valve for heating, ventilation and air-conditioning - 3-way with threaded joint and electric actuator ARI-PACO 1,6kN
486	Control valve for heating, ventilation and air-conditioning - straight through with flanges
488	Control valve for heating, ventilation and air-conditioning - straight through with threaded joint
486	Control valve for heating, ventilation and air-conditioning - straight through with flanges with electric actuator ARI-PACO 0,85kN
486	Control valve for heating, ventilation and air-conditioning - straight through with flanges with electric actuator ARI-PACO 1,6kN
488	Control valve for heating, ventilation and air-conditioning - straight through with threaded joint and electric actuator ARI-PACO 0,85kN
488	Control valve for heating, ventilation and air-conditioning - straight through with threaded joint and electric actuator ARI-PACO 1,6kN
480	Control valve for heating, ventilation and air-conditioning - straight through with flanges / K+P
483	Control valve for heating, ventilation and air-conditioning - 3-way with flanges / K+P
